

Fressingfield Community Gardeners

Fressingfield Community Gardeners meets in the Fressingfield Sports & Social Club premises on the third Monday of each month - unless we have a visit to a garden, which we do 2 to 3 per year. On these days we have either a speaker or a gardening focused meeting of members. Membership is £20 per person, and we always welcome newcomers.

Over the last year, we have had a lot of talks from speakers of all kinds, on a wide range of subjects all related to gardening. Over the last year this includes talks on salvias, clematis, foraging, butterflies, attracting birds and other wildlife to your garden, roses, Hemerocallis, wasps and crocuses. For the rest of this year we have a number of talks scheduled, on tomatoes, vegetable growing, bats and more.

We also do group garden visits, this year to Norwich Plantation Garden and to The Old Vicarage at East Ruston.

Last year in partnership with St Peter & St Paul's Church in Fressingfield we ran a Garden Festival and open gardens weekend which was hugely successful and really put Fressingfield on the map. We had 23 gardens open, a sculpture and a scarecrow trail, refreshments and a rotating series of market stalls throughout the weekend.

New members are always welcome, so please contact Tony Newton (tony.newton@btinternet.com) for more information.
