

Fressingfield Croquet Club Report

The blazing summer of 2022 made our lawn almost unplayable. 2023's rain helped the Club to have a much more successful season with some new members and play continuing well into October. A feature of the year was the regular introduction of a simpler and more social form of the game, Golf Croquet. This proved popular among new and existing members and it continues to be a feature of our afternoons in 2024.

We have already attracted some new members this year but would welcome anyone else who would like to get some mild, friendly exercise. No specialised clothing or footwear is required and all equipment is supplied. We meet at 2pm on Wednesdays and Saturdays on the lawn beside the Sancroft Hall so why not come along and give Croquet a try!

Mike Cox Secretary
